

Your very own Virtual Bank

Introduction

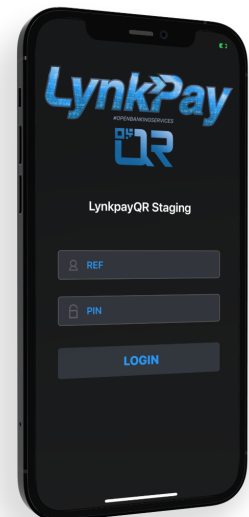

This document will guide you through setting up and using our LynkpayQr app as your very own virtual bank. Your taxi company will send all of your credits to your app, you will then be able to send your money to your chosen bank account(s) whenever you want to.

You must have access to the email that your taxi company has on file for you. Once you are logged in do not log out of the app as this will break push notifications, (You won't get told that you have been paid).

Download

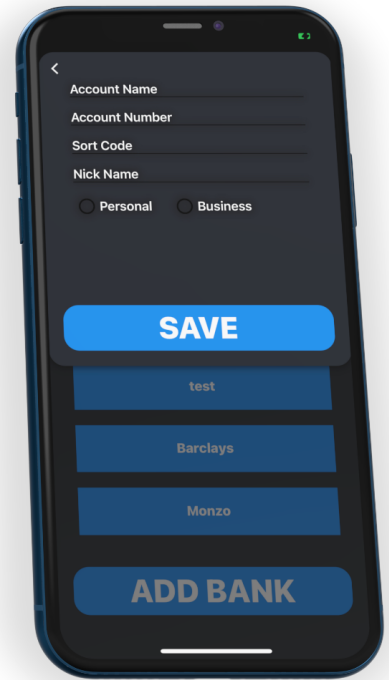

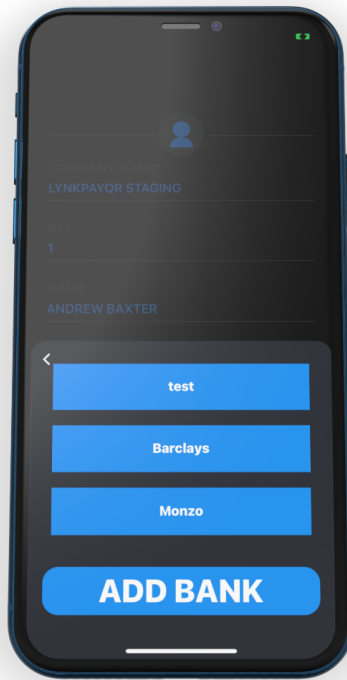

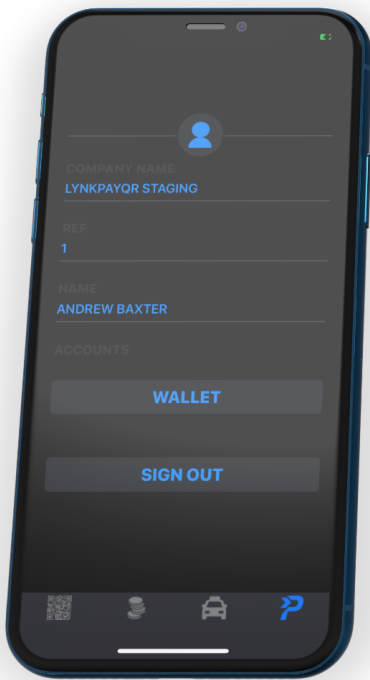

You will receive an email from Lynkpay on behalf of (enter name). Click on the App Store logo at the bottom of the email to go directly to Lynkpay Qr. (If you have any issues with this then please search for "LynkpayQR" in the App store.

Enter the 6 digit Company I.D, your Driver Ref and PIN which is unique to you, and is contained in the email.

Add your bank details

Click on the Lynkpay logo, then Wallet and add your bank. You will receive an email confirming that you want to add a new bank account. To delete a bank account; just swipe to the right and hit delete.

Cash Out

When the office has processed all your work for the previous week you will either be in debt or credit. If you are in credit you will receive a push notification on your device.

To send this money to your bank account press the cashout button, select the amount, the bank and CONFIRM.

If you receive an email for requested payment from your taxi company and there is enough in your Cashout pot, we will use this to settle your debt for you when you use the payment link.
